Mentoring and Peer Coaching

Included in this part of the training are 9 x one to one monthly mentoring with your tutor. This is to explore your case studies and questions on the training material.

You will be assigned a peer to do Menopause Wellness coaching with. It is an opportunity for you to work on your health and support a student work on theirs.

Homework

1. Write and submit 5 x 300-word book review, a choice of 10 menopause topic books are given
2. Write and submit a 300-word film review, a choice of films are given
3. Create recipe ideas for the PFC food strategies. This involves recipe creation and photography
4. Special Interest Project of 1,000-2,000 words in a subject of your choice (ideas are given). We recommend you focus on an area of menopause that interests you
5. Create and present a health talk. This involves writing a talk, using PowerPoint if you wish and presenting it on camera and submitting
6. Partnership project looking for partnership opportunities to grow your business
7. 20 case studies (4 per module)
8. One case study needs to be filmed and submitted for assessment
9. 20 case study reviews (4 per module). For each module we give you fictional case studies and you are required to complete a recommendation feedback form for each one

Difference between Functional Wellness and Menopause Wellness diploma

We offer two subjects to study. Both courses have the same principles as many issues in health come from the same root. The Functional Wellness Diploma allows a student to study all stages of hormone health including puberty, pregnancy as well as understanding mens health. The Menopause Diploma is targeted at female menopause health. The course you choose will determine the special interest project you write, your books choices and the case studies you work with. You can combine hormone health and menopause health if you wish to have a broad cover of all topics.

Business and Marketing Mastery

Business and Marketing Mastery is a 30-hour course and includes 60 lessons split into the following categories

1. Welcome to Business Marketing Mastery
2. Professional Standards
3. Business Planning
4. Marketing
5. Clinic Management
6. Self-Management

At the end of each module there is a quiz to assess your understanding of the content.

No attendance is required.

There are the following homework pieces to submit

- a. Write your vision and mission
 - b. Create a vision board and submit photo
 - c. Complete the business plan template
 - d. Complete the marketing plan template
 - e. Complete financial projections
 - f. Submit clinical management ideas
 - g. Create a default diary
 - h. Self-reflection
2. Write a 300-word book review, a choice of 10 books are given

On receipt of all homework and online zoom attendance, a Diploma Certificate will be issued qualifying you as a Menopause Wellness Coach.
